Year 1 Instructions		
Pupil	Objective	Teacher
	My title explains what the instructions will help you to do	✓
	My 'What you need' box lists materials in order	✓
	My instructions are written in clear, sequenced steps	✓
What could I do to improve my instructions next time?		

## How to melt ice.

What you will need:  
salt  
water <sup>hot</sup>  
ice  
cube

(modelled)

1. Place the ice cube.

2. Then put hot water and salt on the ice cube.

3. After put some cold water.  
4. wait till the egg is free.

Fantastic steps Thibault!  
Great sequencing too.
